

Cambridge Scholars Publishing: Proposal submission form

Please return the completed form to Camilla Harding
(camilla.harding@cambridgescholars.com).

Title:

Author(s):

**Publication type: (Monograph/Series volume/Edited
collection/other):**

Subject:

Estimated manuscript delivery date:

Number of words:

**Has the proposed title been published elsewhere in the
same, or a similar form?**

Rationale for publication:

(This should detail the goals of your research, where the material fits with the current literature in your field, the range of topics to be covered and any additional information you believe is relevant to the case for publication. The overview should introduce your work, those involved in its development and the wider academic context in which it sits)

Table of contents:

(Please include at least one sample chapter or writing sample as an Appendix to this form)

Who do you feel is the main audience for this work?

**What are the existing competitor titles? What makes the
proposed title different?**

**Where the publication might be promoted, when
published? What networks do you have to support this?**

Author biographies:

(Please detail (or attach as a separate document, or include a link to a webpage) your main academic credentials, including publication history)
