

Decolonizing Communication Studies

Collection Editor: Kehbuma Langmia

Description

This book edition zeros in on what decolonization of the Communication scholarship entails. The Communication discipline has undergone rapid paradigm shift since the launching of the "ferment in the field" special edition of the *Journal of Communication* where communication scholars were called upon to rethink the discipline because of crisis within the paradigm. The discipline is heavily westernized. Decolonization of the discipline is one way to resolve the crisis.
