

How to Overcome Infectious Diseases Using Medicinal Plants

**Collection Editors: Ana Paula Girol, Veeranoot Nissapatorn
and Maria de Lourdes Pereira**

Description

Infectious diseases are currently a significant cause of morbidity and mortality worldwide, and even more so in the light of COVID-19. Despite significant progress in controlling these epidemics, medicinal plants offer significant potential for the development of new strategies for prevention and treatment. This book aims to gather contributions on the use of several medicinal plants in infections through various methodologies.

About the Editors

Ana Paula Girol is Professor of Biomedicine and Pro rector of Postgraduate and Research, University Center Padre Albino, Brazil with research focused on herbal medicines and protein annexin A1 in inflammatory and tumoral processes.

Veeranoot Nissapatorn is a Medical Doctor, and Associate Professor, School of Allied Health Sciences, Walailak University, Thailand involved in Infectious parasitic diseases (epidemiology and clinical relevant diagnostic challenges); Coordinator of Southeast Asia Water Team and World Union for Herbal Drug Discovery.

Maria de Lourdes Pereira is Associate Professor with Habilitation, Department of Medical Sciences, University of Aveiro, Portugal with 38 years of experience, collaborates with Southeast Asia Water Team and World Union for Herbal Drug Discovery on potential of medicinal plants against infectious diseases.

Submission Requirements

All chapters submitted should conform to the grammar and formatting guidelines provided by Cambridge Scholars Publishing, which can be viewed here: <https://www.cambridgescholars.com/pages/forms-guidelines>;

Unless agreed with the Editor prior to submission, referencing should be in Chicago;

Any work submitted for publication should be free of copyright restrictions and a statement should be submitted in support of this;

Contributions should be scholarly rather than anecdotal or unverifiable;

Contributions must be wholly in English, excluding footnotes, appendices and short extracts for translation;

While we will perform pre-press evaluations on the collection, we do not provide full proofreading services, so we ask that works are submitted to us in their final, 'ready-to-go' form.
