

# Particularities in Algerian Arabic

**Collection Editor: Khadija Belfarhi**

---

## **Description**

Algerian Arabic emerged as a sub-variety of Modern Standard Arabic and considered as a sub-ordinate linguistic code despite its social dominance. MSA makes part of a dialectal language situation acknowledges the dominance of dialectal Arabic. Algerian Arabic developed through time its particularities at different linguistic levels which are often ignored despite its social mobility.

## **About the Editor**

Khadija Belfarhi is a professor of linguistics in the University of Annaba (Algeria). She got her master in linguistics in 2007. She got her PhD in semantics and literature in 2014. Her main research interest is the study of languages in Algeria with a particular focus on the grammar of Algerian Arabic.

## **Submission Requirements**

All chapters submitted should conform to the grammar and formatting guidelines provided by Cambridge Scholars Publishing, which can be viewed here: <https://www.cambridgescholars.com/pages/forms-guidelines>;

Unless agreed with the Editor prior to submission, referencing should be in Chicago;

Any work submitted for publication should be free of copyright restrictions and a statement should be submitted in support of this;

Contributions should be scholarly rather than anecdotal or unverifiable;

Contributions must be wholly in English, excluding footnotes, appendices and short extracts for translation;

While we will perform pre-press evaluations on the collection, we do not provide full proofreading services, so we ask that works are submitted to us in their final, 'ready-to-go' form.
