

# Road Traffic Accident Expertise: Legal, Medical, Traffic and Economic Aspects

**Collection Editor: Milenko Čabarkapa**

---

## **Description**

An interdisciplinary study of processing a road accident related to the traffic-technical, traffic-psychological, traffic-medical, criminal-transportological, legal and economic aspect of a road accident. In-depth road accident investigation, which includes the Pre-crash, Crash, and Post-crash phase, and uncovers the mechanisms behind the occurrence of a road accident, linking causes and consequences.

## **About the Editor**

Milenko Čabarkapa, PhD, is a Professor at the Faculty of Traffic, Communications and Logistics of the Adriatic University of Montenegro. He is an independent researcher, a court expert, responsible planner, designer, engineer, and evaluator. His fields of interest include road safety, road accident analysis, road safety management, and urban mobility

## **Submission Requirements**

All chapters submitted should conform to the grammar and formatting guidelines provided by Cambridge Scholars Publishing, which can be viewed here: <https://www.cambridgescholars.com/pages/forms-guidelines>;

Unless agreed with the Editor prior to submission, referencing should be in Chicago;

Any work submitted for publication should be free of copyright restrictions and a statement should be submitted in support of this;

Contributions should be scholarly rather than anecdotal or unverifiable;

Contributions must be wholly in English, excluding footnotes, appendices and short extracts for translation;

While we will perform pre-press evaluations on the collection, we do not provide full proofreading services, so we ask that works are submitted to us in their final, 'ready-to-go' form.
