

# The Effect of Translation Technologies on the Translation Process

**Collection Editor: Dr Kais A. Kadhim**

---

## **Description**

The use of technological tools in translation work has become increasingly more efficient. However, these tools also represent important challenges for the translation industry and profession. This book highlights various types of challenges and suggests that translation technologies will become even more integral in interlingual communication

## **About the Editor**

Dr Kais A. Kadhim is Assistant Professor at the University of Sohar, Oman. He obtained an MA and PhD in Translation from the University of Science Malaysia (USM). His main research interest is Cultural Linguistics, Media Discourse, Stylistics and Translation. He has Published 40 Papers in Cultural Linguistics, Translation Theory and Media Discourse in Thomson Reuters, Scopus And Refereed Journals. Furthermore, He Has Written 3 Books in Linguistics and Translation.

## **Submission Requirements**

All chapters submitted should conform to the grammar and formatting guidelines provided by Cambridge Scholars Publishing, which can be viewed here: <https://www.cambridgescholars.com/pages/forms-guidelines>;

Unless agreed with the Editor prior to submission, referencing should be in Chicago;

Any work submitted for publication should be free of copyright restrictions and a statement should be submitted in support of this;

Contributions should be scholarly rather than anecdotal or unverifiable;

Contributions must be wholly in English, excluding footnotes, appendices and short extracts for translation;

While we will perform pre-press evaluations on the collection, we do not provide full proofreading services, so we ask that works are submitted to us in their final, 'ready-to-go' form.
