

The European Union as a Stable International Actor in a Changing World Stage: Legal and Political Approaches

Collection Editor: Manolis Perakis

Description

Is the EU today a political and legal entity, whose actions in the international field have an impact on the economy, politics and the definition of values at a global level? Does it play the role of a major and stable international actor. Is it capable of adapting to the modern challenges? Especially after the economic, the refugee and the «Brexit » crises, this debate is heating up again. The contributions of this book approach and provide answers to the above questions from a legal and political perspective.

About the Editor

Manolis Perakis teaches EU Law as Assistant Professor in the Law School of the National & Kapodistrian University of Athens, Greece. He has authored numerous legal monographs and articles. He worked as a trainee in the office of the European Union Court's President, V. Skouris, in Luxembourg. He is also an Attorney-at-Law in Athens and Editor in Chief of "European Politeia" law and public affairs journal.
